Give your dog a holiday too

**Accommodation — booked.

Someone to look after Rover while
you're away? Oh no!**

HAVE you got the perfect winter holiday planned but don't know what you're going to do with your beloved family dog while you're away?

Then Don't Fret Pet! is the perfect solution for you.

Don't Fret Pet! is a dog-minding service that will find your dog a suitable home while you're away — giving your dog all the attention and care that he or she is used to, and often, even more.

Don't Fret Pet! will ask you questions about your dog in order to find the best-matched home, such as the breed, age, eating habits, sleeping requirements and behaviour with children.

Once all the details are gathered, Don't Fret Pet! will search for a local minder that is best suited to your dog.

Minders range from families with children to retired couples to dog owners who like to have a companion for their own family pet.

A meeting is arranged between you and the minder and, if both parties are happy with the match, the booking is arranged.

The service is charged at a daily rate and provides a money-back guarantee.

Stays can be as short as one night or as long as twelve months and discounts apply for longer stays.

For pets that prefer to stay at home, Don't Fret Pet! also offers a mobile minder home-visiting service.

Most importantly, dog owners can rest assured their four-legged friends are being loved and cared for while their owners are away which makes for a perfect holiday all-round.
