

Travel without worry

DOG boarding
business Don't
Fret Pet arranges
local minders to
look after your pets
while you head off
on holidays.

Director Jenny
Brearley said the
carefully-selected
minder would
meet owners in
advance to help
take the worry out
of leaving their
pets in a caged
environment.

She said the
minders ranged
from retired
people to residents
who already had a
dog of their own.
