## PET TALK

**You best friend deserves the finest care in the world.**

## No fretting for owners or pets

IF you are like most pet owners, taking holidays or going away can create the worry of ensuring your pets are cared for in the same manner you care for them yourself.

Ralf and Will Munson of Don't Fret Pet! were faced with this dilemma two years ago. While investigating pet care options they found, and purchased, the Sunshine Coast Don't Fret Pet! franchise.

Don't Fret Pet! caters for all kinds of pets. For canine furkids used to being involved in everything you do, Don't Fret Pet! has a unique dog minding service that ensures

much loved four-legged members of the family receive love and attention in the home of a carefully screened minder. Every one of the Don't Fret Pet! team of 60+ minders is a dedicated animal lover who cherishes the opportunity to have a guest come and stay.

For pets which are a little more independent, and would prefer to stay home, Don't Fret Pet! also offers a home visiting service to pamper and care for them in their own environment.
